## "Magnifique! C'est le Café : de noire cher Paris!"

("Magnificent! It is the coffee of our beloved Paris!")

It is interesting to hear the comments of the French visitors from Paris as they drink, for the first time, the famous coffee of the old French Market in New Orleans. Austrians from Vienna also go into raptures over it. Because only in Paris or Vienna can be found the equal of this world-renowned coffee. It is richly aromatic, delightfully fragrant; so different from ordinary American blends.

For over a hundred years

THERE'S as much difference in shoes as in anything else. Looks count for something; so do good workmanship and good materials.

You're always the judge of the shoes you buy; you know better after they are worn out than when you buy as to whether they're good shoes---unless you buy Selz shoes.

When you buy a pair of shoes bearing the name Selz you get a guarantee of your satisfaction --- that's what you want, satisfaction: and if you want to know WHEN YOU BUY, buy Selz shoes. Then be the judge.

The secret of the guarantee is that the shoe don't need it. The maker couldn't guarantee the wearer's satisfaction if they did.

Wa sell Selz shoes, because among other things the maker guarantees us satisfied customers, that orght to be one reason for your wevening Selz shoes. Other reasons are that you'll find the latest models in this line and that they are beter than-usual fitters. They are made on scientifically designed models, the shape of your foot is the primary feature of every

## THE TEST OF SUPERIORITY

Mere statements, unsupported by facts, count for nothing. Therefore we make this appeal to the men of Dothan.

Come to our story and examine our fall and winter clothes. See for yourself whether the fabrics, the patterns, the styles, the tailoring, leave anything to be desired.

PROVE THIS. Put in to the Test. It's worth your while, and there isn't any advantage to us unless we make good.
